

**Admission Notification for M. Sc. (Food Technology) 2025-27 Batch
under the aegis of AcSIR**

CSIR-Central Food Technological Research Institute (CSIR-CFTRI), Mysuru (a constituent laboratory of Council of Scientific & Industrial Research, New Delhi), came into existence during 1950, with the great vision of its founders, and a network of inspiring as well as dedicated scientists, who had a fascination to pursue in-depth research and development in the areas of Food Science and Technology. The Institute has geared up its R&D and the impact of globalization has given very good dividends, with a large number of externally funded projects from national and international agencies. The present scenario in the country is very vibrant, with rising capital investment in food industry, which has consolidated CSIR-CFTRI, to evolve its capabilities and to position itself as a global R&D one-stop center with a firm commitment in delivering its R&D outputs to population through adaptable, affordable and appropriate technologies. The role of CSIR-CFTRI has always been on a high pedestal in the areas of Human Resource Development and R&D partnerships, cherished through the international linkages with institutions, such as the Institute of Food Technologists (USA), United Nations University (Tokyo), erstwhile European Economic Commission (Belgium), National Science Foundation (USA) and many more. CSIR-CFTRI is an ISO 9001:2015 and ISO 14001:2015 certified Institute and is a NABL accredited laboratory (ISO 17025: 2017) for chemical and biological testing of food and allied products.

The M.Sc. (Food Technology) academic programme at CSIR-CFTRI, is conducted in association with Academy of Scientific & Innovative Research (AcSIR), since 2016. M.Sc. Food Technology course was started in the year 1964 as a part of International Food Technology Training Centre (IFTTC), in this prestigious Institute. The vision of pioneers was to bring about revolutionary impact in the area of Food Science and Technology through training high quality manpower. CFTRI alumni, who are spread across India and the globe, are pillars and torch bearers of the food industry, contributing to its progress and advancement. AcSIR has been established by an Act of Parliament as an Institution of National Importance. AcSIR, as an institution of higher education, operates in 'Hub and Spoke' model with its headquarters at CSIR-HRDC Campus, Ghaziabad, and all the CSIR laboratories including CSIR-CFTRI as its Research Institution. In the year 2025, AcSIR has been ranked 13th in the overall SCIMAGO Institutional Rankings among universities, ranked 11th in "overall institutional output" by NATURE Index among research institutions, and has been ranked 11th in the National Institution Ranking Framework (NIRF)- of Ministry of Education, Government of India, in the "Research Category". AcSIR is ranked 9th by the *Center for World University Rankings (CWUR)*, which is a leading consulting organization and publisher of the largest academic ranking of global universities.

M.Sc. Food Technology is an interdisciplinary course aimed to foster the food industries with highly trained food technologists. The extensive course curriculum amalgamated with hands-on-experience, equip the students to address contemporary challenges and answer future challenges, in the food sector. Additionally, the in-depth knowledge gained by mandatory internship in industry for three months in the first year, and research investigation work in the second year, gives the students an opportunity to understand and innovate, to processes and products, through R&D.
